## Awareness

Guests and residents are educated on our sustainable practices through signage and other touchpoints. Team members are encouraged to apply sustainability measures at work and home.

## Social Responsibility

- Monthly community cleanups and special events
- Beach cleanups with community members and organizations
- Limiting high-impact activities that could disturb the existing environment

## Water Management

- Landscaping with native plants to restore the native plant index to near pre-development conditions
- Using an insecticide-free mosquito management solution
- Stocking only healthy, coral-safe sunscreens in our shops

## SUSTAINABILITY

### Sunset Residency celebrates nature through its design and environmentally conscious practices.

Sunset Residency celebrates nature through its design and environmentally conscious practices.

### Responsible Design

We prioritize using materials that can be sustainably harvested in the surrounding area, including stone masonry, recycled wood, sustainably harvested wood and bamboo, and handcrafted products.

### Energy Efficiency

- Solar panels to power lighting fixtures, water heaters, and pool pumps
- Motion lighting detectors
- Heat pumps to reduce carbon dioxide emissions (compared to hot water generators)
- Low-energy LED bulbs

### Waste Management

- Separate garbage for disposal and recycling
- Prioritize eliminating single-use and disposable plastics
- Use natural compostable or reusable materials
